

High School Teacher Bids Farewell to Area Friends and Acquaintances

I've greatly enjoyed my last three years teaching in Wawa, and have found the town's youth to be some of the nicest people. It is with regret I leave behind my friends and wish them continued success and happiness in the future. I'm looking forward to my six month overland trip through Europe and Asia to Australia, and to a teaching position which begins April 1st. My memories of the people, the land, and of hunting and fishing in Northern Ontario will remain a part of me for years to come.

Don Pugh.
